THE STORY

Montlaiz is a family winery founded in 1904 in Mendoza, Argentina. The wines are made with organic grapes that are grown at the foothill of the Andes mountains. Montlaiz has a strong social commitment, helping farmers and associated employees to obtain better working conditions with Fair Trade certification. The winery also measures CO2 to mitigate their footprint, replacing their matrix of energy consumption by photovoltaic generation systems that allow them to process 100% of raw material using solar energy.
