THE STORY

Inspired by the Old Lodge at Fallen Leaf Lake where Mike and Talley met as kids - and still enjoy with their loved ones today.

While canvassing the valley for exceptional family-owned organic vineyards, our search unexpectedly landed us north of Napa where we were blown away by the quality of organically farmed fruit tucked away in the cool reaches of Mendocino. It didn't take long to realize that this special Mendocino AVA was the perfect fit for the future of our Old Lodge collection.
