THE STORY

Founded by Larry Hyde in 1979, Hyde Vineyards is located in the heart of Napa Valley's Carneros region. The vineyard has long been hailed as a grand cru caliber site, primarily known for its Pinot Noir and Chardonnay fruit, which has been used by some highly acclaimed wine producers in both Napa and Sonoma counties. After nearly 30 years of providing an extraordinary quality of grapes to clients exclusively, Larry debuted his own small-lot Pinot Noir wine project and officially opened the doors to his estate winery shortly after. Today, Hyde Vineyards continues to work with over 35 wine brands providing exceptional fruit while Hyde Vineyards Estate produces small-lot estate-grown wines.

Larry is a pioneer in a region that became California's second AVA, Los Carneros, Napa Valley.
